15:45-16:15	Refreshment Break & Exhibitors - Thomas Rigg					15:45-17:15 COST FP7 bids planning	
16:15-17:00	Pecha Kucha - Grange View						
17:45	Coach Departs promptly at bottom of drive for Optional 'Sunset Cruise' on Lake Windermere & meal						

Day Two Tuesday 14 June 2011

09:30-09:40	Grange View - Chairs Address, Tanya Tanner						
09:40-09:50	Grange View - Welcome Address: Dr Bernard Gibbon, Head of School, School of Health, UCLan						
09:50-10:30	Grange View - Keynote Address - Midwife: improving maternity practices in China, Professor Fen Cheung, University of Hangzhou, China						
10:30-11:00	Refreshment Break & Exhibitors - Thomas Rigg						
11.00 - 12.30	Concurrent Session 3:						
	Woodlands	Boardroom	Grange View	Yewbarrow	Carriage 1	Hampsfell	Merlwood Lounge
	Exploring implementation and sustainability of models of care: can theory help? Della Forster	Midwives' priorities and strategies in communicating with first-time mothers in early labour Tine Schauer Eri	Midwives' Expertise in Expectant Management of the Third Stage of Labour: the 'MEET' study Cecily Begley	Introducing normal birth paradigms in an obstetric unit: diffusion of innovation theory Deborah Fox	Does childbirth education facilitate or hinder normal birth? Effect of childbirth education on obstetric interventions, mode of delivery and breastfeeding Kathrin Stoll	Bookable Room for Research Group Discussion - Contact Liz healthconferences@uclan.ac.uk	RCM Storytelling
	Psychosocial impact of participation in a maternity RCT Josephine Green	Getting it right from the start: improving care in admission in labour Georgina Lessing-Turner	Perineal outcomes and care in a freestanding birth centre Lucia Rocca-Ihenacho	Home or hospital birth for the low-risk nulliparae, does it matter? Tamar M van Haaren-ten Haken	Women's knowledge and decision making: about mode of birth Mary Regan		
	The LoFIR tool for building clinical midwifery questions Jenny Edwins	Fathers' experience of normal birth in relation to midwifery care Ingegerd Hildingsson	Factors that affect midwives, use of intermittent auscultation: an analysis using the Promoting Action on Research Implementation in Health Services (PARIHS) Mary Longworth	'Project Primip' - because there is only one first birth experience Jenny Ryan	Mother knows best: developing a consumer led research agenda Helen Cheyne		

Day Two Tuesday 14 June Continued

12:30-13:00	Poster viewing - Woodlands Lea-Marie Koehler - The Hannover eligibility index for out-of-hospital birth Melita Grieshop - Utilisation of Midwifery care in Postnatal Period German Prevention- Study of Midwifery Care (2010-2012) Camilla Schneck - Neonatal transfers from alongside birth-centre to hospital setting in Sao Paulo, Brazil Ruth Petersmann - Why there is no consistent educational system of midwifery in Germany Christine Allgeier - Prolonged latent phase - results of a pilot study Christiane Schwarz - In bad times, and in good times too. Learning from each other via case reporting Lucia Rocca-Ihenacho - Transfers from a freestanding birth Centre: clinical outcomes and women's experiences Sue Townend - From Deviant Mothers and Midwives to empowered partners in care						
13:00-14:00	Lunch - Restaurant						
14:00-14:05	Grange View - Chair's Address: TBA						
14:05-14:35	Grange View - Keynote Address : Dr Gill Thomson, UCLan, UK: <i>The Heroes Tale: positive birth after trauma</i>						
14:35-14:40	Grange View - Book Launch - Dr Gill Thomson, UCLan						
14:40-15:10	Grange View - Pecha Kucha						
15:10-15:40	Refreshment Break & Exhibitors - Thomas Rigg						
15:45-16:45	Concurrent Session 4						
	Carriage 1	Woodlands	Grange View	Boardroom	Yewbarrow	Hampsfell	Merlwood Lounge
	Our Consultant Midwife Apprenticeship - the final chapter Helen Barnes	Normal Birth as a measure of the quality of care Miranda Dodwell	Meta-analyses of home births in jurisdictions where home birth is integrated into the health care system, and (separately) in those where it is not Eileen K Hutton	Innovative practice: Facilitating normal birth in an obstetric environment in Singapore Deborah Fox	New Zealand has a unique maternity system an insiders view Celia Grigg	Bookable Room for Research Group Discussion - Contact Liz healthconferences@uclan.ac.uk	RCM Storytelling
	16:15-18:00 COST CoP meeting, incl. childbirth connections CLOSED MEETING - Syndicate Room	Risk Society and 'the ever closing window of normality' Mandie Scamell	Comparative Study of maternal and perinatal outcomes in an alongside birth centre and hospital maternity ward in Sao Paulo, Brazil Camilla Schneck	Don't put her in the birthing pool you might get wet! Resisting water birth practice on labour ward: A participatory action research study Kim Russell	Hospital policies and practices during normal childbirth and the extent of adherence to Evidence-based Guidelines in maternity wards in Jeddah, Saudi Arabia (Master Degree in Midwifery Dissertation) Roa Altaweli		
19:15	Optional Conference Dinner - Restaurant						

Day Three Wednesday 15 June 2011							
09:30-09:40	Grange View - Chair's Address: Professor Fen Cheung, University of Hangzhou, China						
09:40-10:30	Grange View - Keynote Address -Professor Kerstin Uvnas-Moberg, Karolinska Institute and Swedish University of Agricultural Sciences						
10:30-11:00	Refreshment Break & Exhibitors - Thomas Rigg						
11.00 - 12.30	Concurrent Session 5:						
	Woodlands	Grange View	Yewbarrow	Hampsfell	Boardroom	Carriage 1	Merlwood Lounge
	Induction and augmentation of labour and short-term maternal morbidity Mary-Ann Davey	The birth of a birth centre: a blueprint for the future? Caroline Broome	SHORT FILM & WORKSHOP Amplifying positive midwifery deviance - changing practice with hospital based midwives to support active birthing Rachel Wild	Placental Transfusion in Term Infants: A Pilot Study Debra Erickson-Owens	WORKSHOP Beyond qualification: Learning to be midwives Judy Purkis	Bookable Room for Research Group Discussion - Contact Liz healthconferences@uclan.ac.uk	RCM Storytelling
	Women's Attitudes, Beliefs, Level of Fear and Preferences for Birth: A comparison of a Swedish and Australian sample Helen Haines	The Experience of Home Birth in the US: The Development of Mutual Trust and Autonomy Judith Lothian		Exploration of the potential link between social capital and childbirth experience Sheena Byrom			
	Implications of Maternity Policy to support Normal Birth in the UK: exploring perspectives from the four countries Jenny McNeill	Another brick in the anti-normality wall? The case of the 'late admission protocol' Jo Dagustun		Promoting Breastfeeding Through a Unique Skin-to-Skin Intervention at an Urban Hospital (Texas Health Presbyterian Hospital Dallas) Jeannette Crenshaw			
12:30-13:00	Grange View - Progress Theatre						
13:00-14:15	Lunch - Restaurant						
14:15-14:25	Grange View - Chair's Address:						
14:25-15:00	Grange View - Keynote Address: Professor Andy Bilson, UCLan, UK						

Day Three Wednesday 15 June continued

15:00 - 16:00	Concurrent Session 6:						
	<p>Hampsfell</p> <p>US normal birth statement debate (for international conference steering group) (ACNM, MANA, NACPM) contact Tanya.Tanner@ucdenver.edu</p>	<p>Woodlands</p> <p>A study of maternal position during the late stages of labour in women with a low dose epidural Lynn Lynch</p> <p>Squaring the circle: doing an RCT in self-hypnosis for labour Kenny Finlayson & Cathie Melvin</p>	<p>Grange View</p> <p>Building research collaborations. An opportunity to come and propose a research idea with the intention of seeking new partnerships and collaborations. Lead: Soo Downe</p>	<p>Yewbarrow</p> <p>Mixed methods research in midwifery Karen Jackson</p> <p>Rebranding: How Physicians Came to Own Childbirth in America Marilyn Curl</p>	<p>Boardroom</p> <p>WORKSHOP Midwifery Presence in 'holding sacred space' Susan Crowther</p>	<p>Carriage 1</p> <p>Bookable Room for Research Group Discussion - Contact Liz healthconferences@uclan.ac.uk</p>	<p>Merlwood Lounge</p> <p>RCM Storytelling</p>
16:00	Refreshments and Home
